

BRICK SEPTA

Brick Township, New Jersey
Special Education PTA

What is SEPTA?

WE ARE *parents, grandparents, teachers, therapists, paraprofessionals and community* who have come together to form a voice for children with **any variety** of special needs.

WE ARE a district-wide fully accredited PTA. We represent **ALL** Special Education students of Brick Township, **preschool through grade 12** and are not affiliated with any one particular school.

Why SEPTA?

You may be interested in BRICK SEPTA if your child:

- ◆ Has an **IEP** or **504 Plan**
- ◆ Receives **Basic Skills Instruction**
- ◆ Receives **therapy services** such as PT, OT or Speech
- ◆ If you **suspect** your child would benefit from Special Education services

WE ARE HERE TO HELP — **SEPTA** provides a forum enabling parents, teachers and experts in the field of Special Education to share their knowledge and experience. **SEPTA membership** provides you with:

- **INFORMATION:** Learn more about your child's disability, educational opportunities and resources available to your family.
- **ADVOCACY:** Learn how to navigate the special education system and understand your child's rights under the law.
- **SUPPORT:** Connect with other parents of Special Education Students and share experiences in a friendly, welcoming environment.
- **SPECIAL EVENTS:** Held throughout the year geared towards special education students and their families.

Can I be a member of SEPTA AND my children's schools' PTA at the same time?

YES! Brick SEPTA encourages our members to join their home school PTA. We are here to provide an **additional level of support** which makes PTA an **even stronger voice for every child**. We strive to work together with parent-teacher organizations of all Brick Schools. If you have a child with special needs, **please join us for a meeting.**
